etfSA.co.za - SOUTH AFRICAN EXCHANGE TRADED PRODUCT (ETP) AND INDEX TRACKING UNIT TRUST – MONTHLY PERFORMANCE SURVEY

March 2024

Mike Brown, Managing Director, etfSA.co.za

The latest Monthly Performance Survey for the period ended 28 March 2024, is attached.

In the first quarter of 2024, the S&P 500 index climbed by some 10%, boosted mainly by good earnings results from four of the “magnificent seven” shares that make up the highest single company weightings in this index. By contrast, the JSE All Share index fell by some 0,5% over this same period.

As a consequence, foreign referenced index tracking products continue to dominate the performance tables for the short-term, as well as the long-term.

Information technology index trackers are particularly prominent for performance periods measured up to 5 years, notably the S&P 500 Info Tech ETFs and S&P IT index tracking unit trust, issued by Invest.

The S&P 500 Info Tech index has a 100% allocation to high-tech IT companies, whereas the Nasdaq 100 index has a 50% allocation to Info Tech and the broad-based S&P 500, only 31% allocation to information technology companies. Accordingly, the S&P IT trackers have been the top performers, over 1, 3 and 5 years in the Performance Survey.

More recently, index tracking ETNs, issued under the UBS underwriting platform, which offer focussed exposure to various sectors of the high-tech industry, such as the Metaverse, Fintech, Big Data, etc. have been dominating the short-term (up to one year) performance tables.

As these ETN products become better known by the investment public, such dedicated indices, which track specific sectors of the info tech industries, could find increasing favour.

SUMMARY

The Survey measures total investment returns for all 214 JSE listed ETFs/ETNs/AMCs, and 31 index tracking unit trusts for periods of three month to ten years. The summary table of the best performing passive index tracking products is shown on page 2. The total return performance of each Domestic Exchange Traded Fund is shown on pages 3-5; Foreign Exchange Traded Funds on pages 6-8; Commodity ETFs & ETNs on pages 8-9; Index Tracking ETNs on pages 9-11; Actively Managed Certificates (AMCs) on pages 12-14; and Index Tracking Unit Trusts on pages 15-16. Single Stock and Index Tracking ETNS in the Annexure on pages 17-18.

Summary Table

Disclaimer: The Exchange Traded Products (ETPs) contained herein are mainly Collective Investment Schemes in Securities (CIS) and other listed securities which are generally medium to long-term investments that contain elements of risk and can be affected by market values, interest rates, exchange rates, volatility, dividend yields and issuer credit ratings. ETPs are listed on the Johannesburg, or other Stock Exchanges, and trade at ruling prices on such Exchanges.

The price of ETPs can go up as well as down and past performance is not necessarily a guide to the future. The ETP's herein are listed on the Johannesburg Stock Exchange Limited and trading in ETP securities will incur trading and settlement costs. ETF securities are traded at ruling prices and can engage in scrip lending.

The information and opinions provided herein are of a general nature and do not constitute investment advice. Whilst every care has been taken, no representation, warranty or undertaking, expressed or implied, is given as to the accuracy or completeness thereof.

etfSA.co.za is managed by M F Brown, who is a registered financial services provider (FSP No. 39217). M F Brown has Professional Indemnity Insurance as required by FAIS. The etfSA Portfolio Management Company (Pty) Ltd (FSP No 52314) provides asset management as well as financial intermediary and advice services. It uses Exchange Traded Products to construct portfolios for use in Retirement Annuity, Tax Free and Discretionary investments. It holds Professional Indemnity insurance and Fidelity Guarantee insurance as required by FAIS.
