

Investment Objective

The mandate of the Satrix Resi ETF ("Satrix Resi") is to track, as closely as possible, the value of the FTSE/JSE Capped Resources 10 index (J310). Satrix Resi is an index tracking fund, registered as a Collective Investment Scheme, and is also listed on the Johannesburg Stock Exchange as an Exchange Traded Fund. Satrix Resi provides investors with the price performance of the FTSE/JSE Capped Resources 10 index (J310) as well as pays out, on a quarterly basis, all dividends received from companies comprising the index, net of cost. In order to reduce costs and minimise tracking error, Satrix Resi engages in scrip lending activities. Manufactured (taxable) dividends could arise from such transactions.

Fund Information

Category	Exchange Traded Fund
Instrument Code	STXRES
Number of Investors	9 913
Management Fee*	0.38% (incl. VAT)
Total Expense Ratio (TER)**	0.42% (incl. VAT)

Portfolio Size	R483m

Satrix RESI portfolio securities can be bought and sold directly through stockbrokers by both retail and institutional investors.

*The Management Fee is expressed as a percentage of the daily NAV of the CIS and calculated over a period of 1 year on an annualised basis. This Fee is net of any scrip lending income and Management Fee waiver, where applicable.

**The Total Expense Ratio (TER) is the charges incurred by the portfolio, for the payment of services rendered in the administration of the CIS. The TER is expressed as a percentage of the daily NAV of the CIS and calculated over a period of 1 year on an annualised basis.

***The Transaction Cost (TC) is the cost incurred by the portfolio in the buying and selling of underlying assets. This is expressed as a percentage of the daily NAV of the CIS and calculated over a period of 1 year on an annualised basis.

The TER/TC is calculated from 01 July 2019 to 30 June 2020. The current TER/TC cannot be regarded as an indication of future TER and TC. A higher TER and TC does not imply a poor return nor does a low TER and TC imply a good return. Obtain the costs of an investment prior to investing by using the EAC calculator provided at www.satrix.co.za.
