

etfSA Equity Model Portfolio

Factsheet – December 2021

PORTFOLIO DESCRIPTION

The objective of the etfSA Equity Model Portfolio is to offer a strategic asset allocation into a select range of Equity ETFs listed on the JSE. This is a low-cost portfolio, suitable for use in a discretionary or tax-free investment account.

The portfolio does not pay out interest or dividends – any distributions received from underlying investments remain in the portfolio to allow for additional compounded growth.

INVESTOR PROFILE

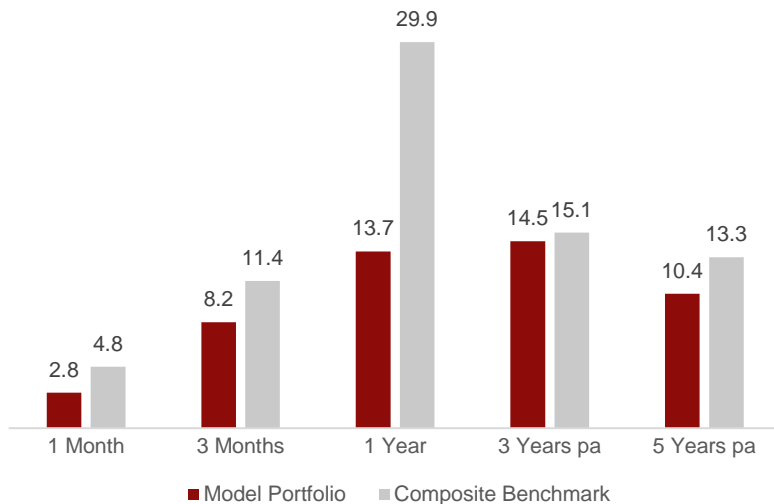

The Portfolio is suitable for an investor with an investment horizon of at least 10 years – it is designed to provide maximum growth in capital. The portfolio is well-suited for risk-tolerant investors. Any income earned, which is not the chief objective of this higher risk investment, is reinvested in the portfolio.
